

INDIANA UNIVERSITY
DEPARTMENT OF ANATOMY AND CELL BIOLOGY
School of Medicine

September 2, 2015

Randy R. Brutkiewicz, Ph.D.
Associate Dean for Graduate Studies

Janice Blum, Ph.D.
Associate Vice Chancellor for Graduate Education at IUPUI
Associate Dean of the University Graduate School, Indiana University

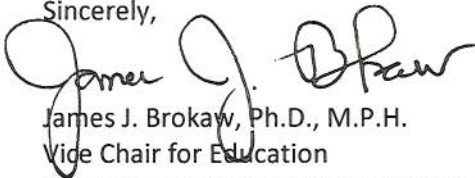

Dear Drs. Brutkiewicz and Blum,

I am writing this memo to formally request a minor alteration to the curriculum of the M.S. Degree in Anatomy and Cell Biology (Clinical Anatomy Track, 1 year non-thesis). Specifically, we wish to remove this required course:

GRAD G855 Experimental Design and Research Biostatistics (1 cr.)

The department's Graduate Studies Committee unanimously approved this deletion because the focus of the Clinical Anatomy Track is teaching rather than research, and GRAD 855 was not felt to be appropriate for this particular curriculum. The students will use elective credits to complete their 30 credit hour degree requirement. Please let me know if you require any further information. Thank you.

Sincerely,

James J. Brokaw, Ph.D., M.P.H.
Vice Chair for Education
Department of Anatomy and Cell Biology

CC: J. Bidwell

RRLB
9/14/15

**Curriculum of the M.S. Degree in Anatomy and Cell Biology (Clinical Anatomy Track, 1 year non-thesis)
following the proposed change:**

- ANAT D501 Gross Anatomy (5 cr.)*
- ANAT D502 Histology (4 cr.)*
- ANAT D527 Neuroanatomy (3 cr.)*
- ANAT D853 Developmental Anatomy (3 cr.)*
- ANAT D878 Anatomy Teaching Practicum (2 cr.)*
- ANAT D861 Seminar (1 cr.)*
- BIOC B500 Biochemistry (3 cr.)*
- Electives (9 cr.)*

TOTAL = 30 credit hours
