Dear Graduate Affairs Committee,

The School of Informatics and Computing, IUPUI, proposes to amend the admissions requirements for the following degree program:

**Master of Library Science**

The current admissions requirements are a Bachelor’s degree; minimum cumulative grade point average of 3.0 on a 4.0 scale; program-specific experience, coursework, and/or portfolio; CV; personal statement; three references; and if minimum GPA requirements are unmet the GRE, General Test. Students whose native language is not English and who have not earned a BS or MS degree in the United States are also required to have taken a TOEFL Test with a minimum score of 100 (iBT) or an EILTS with a minimum score of 6.5. International students are also required to take the GRE, General Test.

For international students who wish to complete this 100% online degree abroad and, thus, do not require a visa, the school would require a minimum TOEFL score of 100 (iBT) or EILTS score of 7.5 and waive the English for Academic Purposes (EAP) placement testing requirement.

Sincerely,

Karl F. MacDorman, PhD
Associate Dean, Academic Affairs
IU School of Informatics and Computing, IUPUI
