Dean for the University Graduate School
University Library 1170, Indianapolis, IN 46202

October 12, 2016

Dear Graduate Affairs Committee,

The School of Informatics and Computing, IUPUI, proposes to amend the admissions requirements for the following degree program:

Master of Science in Health Informatics, 100% online version

The current admissions requirements are a Bachelor's degree; minimum cumulative grade point average of 3.0 on a 4.0 scale; program-specific experience, coursework, and/or portfolio; CV; personal statement; three references; and for financial aid the GRE, General Test. Students whose native language is not English and who have not earned a BS or MS degree in the United States are also required to have taken within the last two years a TOEFL Test with a minimum score of 79 (iBT) or an IELTS with a minimum score of 6.5.

For international students who wish to complete this 100% online degree abroad and, thus, do not require a visa, the school would require a minimum TOEFL score of 100 (iBT) or IELTS score of 7.5 and waive the English for Academic Purposes (EAP) placement testing requirement.

Sincerely,

Karl F. MacDorman, PhD

Associate Dean, Academic Affairs

IU School of Informatics and Computing, IUPUI
